

RFQ 22-002
DESIGN BUILD SKATEPARK

ADDENDUM #1

Regarding the use of cooperatives on public works projects, including the state contract on Job Order Contracting (through Sourcewell), while state agencies can use the state Sourcewell contract, local governments cannot on projects exceeding \$100,000. Although we cannot use the Sourcewell Job Order Contracting contract, a contractor can team with a designer having experience designing the type of skatepark specified in the RFQ.
